Slade Point State School

Student Resource Scheme – 2027

The Student Resource Scheme (SRS) will make it easier and cheaper for your child / children to learn at school and receive the best education. Schools develop the SRS based on resources needed by students and the programs offered at the school. The fees and inclusions are endorsed annually by the P & C and parents must be provided with annual information regarding the SRS fees and inclusions.

The purpose of the scheme is to provide families with a cost-effective alternative to purchasing textbooks, resources, consumables and / or materials from elsewhere, through reduced prices gained from the school's bulk purchasing processes.

The scheme is optional, and you are under no obligation to join. However, a parent who does not wish to contribute to this scheme is responsible for providing their student with all necessary items.

It is essential that every student return the attached form to indicate your intention, with regard to the Slade Point Student Resource Scheme. This form is required for audit purposes. This form will remain in place for the duration of your child's enrolment, however there is a special form for 2027 which includes information regarding the Qld Govt 'Back-to-School-Boost'. We are required to have permission from parents regarding the allocation of B2SB funds.

Benefits of the Scheme:

- Savings to parents made possible because the school is able to buy in bulk.
- Greater flexibility by the school to provide resources that are matched to specific student learning needs.
- Resources are managed by the school.
- Ready access for students to consumables and resource materials as needed.
